SENATE HOUSE,
The 28th May 1903.

Yearly Examination of Candidates for fourth grade of Accountants.

THE yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday the 6th and 7th July 1903, at 10-30 A.M., both days.

SUBJECTS.

	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity) ...	100	50
Dictation (spelling, punctuation, etc.) ...	100	50
Arithmetic (the whole)	240	160
Mensuration (*a*) the whole	60	30
Book-keeping (*b*) mercantile	100	50
Total ...	600	...

Minimum required in all papers collectively, 400.

(*a*) Todhunter's Mensuration for Beginners.
(*b*) "Book-keeping," by Ball and Hamilton.
"Book-keeping" by double and single entry, by W. Inglis (Chambers' Educational Course).

The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in July. The examination will be conducted either at the College or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam, and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements in regard to the *place* and *hour* of examination with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies, if such is pensionable by the British Government.

2. The candidate should apply to an Examiner of Public Works Accounts not later than 30 days previous to the date fixed for the examination and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth, not required, if the candidate is already in permanent Government employ).

(3) Certificate that the application is in the candidate's handwriting.

NOTE.—A candidate already in Government service should, in like manner, submit his application through his immediate official superior to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal, for registration, the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

9. Candidates for the 4th grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

No. 35.—Notification.—It is hereby notified for general information [as required by section XII of Act V (B.C.) of 1864] that the Hon'ble the Lieutenant-Governor of Bengal proposes, under the provisions of section XI of the same Act, to make the following rules in regard to the Madaripur bhil channel, as defined in this Department Notification No. 128, dated the 26th June 1900 :—

1. Every vessel passing through the bhil channel shall stop at the prescribed toll station, as notified in the schedule of tolls for the purpose of determining the tolls payable.

2. For the purposes of these rules, vessels other than rafts, timbers, bamboos or other floating material shall be divided into two classes as below :—

Class I.—To include all vessels of the usual native types of build.

,, *II.*—To include all steamers, flats and barges, and such other square built boats as should, in the opinion of the Collector of tolls, be included.

3. The net tonnage of every vessel of class I, whether laden or empty, shall, for the purposes of these rules, be determined by the following measurements :—

A.—The product of half the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches; the measurement of the breadth and depth is to be made in feet and quarters of a foot, rejecting portions of less than a quarter of a foot.

C.—The maundage on which tollage shall be charged shall be a simple multiple of 12½ maunds, rejecting any remainder, by which the maundage, calculated as above, may exceed such simple multiple.

4. For vessels in class II the tonnage shall be determined as follows :—

The tonnage of steamers shall be the registered tonnage as given in the certificate of survey of the steamer.

Tolls shall be levied on the actual weight of cargo carried on steamers, flats, barges and other vessels included in this class, as declared in the manifests.

5. Every vessel shall be furnished at the toll station with a ticket on which the name of the serang, manjee or other person in charge of the vessel, the date of entry, the maundage of the vessel, the nature and weight of the cargo it contains, and the amount of toll charged, shall be entered.

6. This ticket may be demanded and checked by any navigation officer while the vessel is within the limits of the bhil channel, and must be kept on board and at hand for that purpose.

7. All tolls are payable on demand and shall be paid at the toll station before a vessel is permitted to proceed. Provided that the Collector of Tolls appointed under section VIII of the Act may at his discretion permit vessels belonging to individuals or firms of recognized standing to proceed without pre-payment, on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

8. The term "Navigation Officer," as used in Rule 6, shall include the Collector of Tolls appointed under section VIII of the Act and the officer or subordinate of the Public Works Department in charge of the subdivision or section within which the channel is situated.

BIHAR SCHOOL OF ENGINEERING.

Prospectus for Admission.

THIS School is under the management of the Principal of the Patna College, assisted by a Board of Visitors: it owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Royal Highness the Prince of Wales. The object of the fund was the promotion of technical instruction in Bihar. The School was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted to the first-year class of each year will be limited to 60, of whom only 15 can be other than Biharis by race (viz., natives of the North-Western Provinces, Central Provinces, or Bengalis domiciled in Bihar); but should the number of suitable applicants who are Biharis by race be insufficient to fill up the 45 vacancies, then the vacancies thus occurring can be given to those applicants who are natives of the North-Western Provinces, Central Provinces, or Bengalis domiciled in Bihar in that order.

3. The School, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers and Overseers.

The curriculum includes—

(1) A sound study of Elementary Mathematics.
(2) Careful training in Survey work.
(3) Drawing, both Freehand and Engineering.
(4) Elements of road-making and the construction of simple buildings.
(5) Workshop practice, with hand tools and with machinery.

Students are prepared for the Overseer certificate of the Public Works Department. The necessary additional buildings have now been completed; and Government has agreed to reserve one appointment annually for a qualified student from this school, who must be a Bihari by race.

4. The next Session will commence on 6th July 1903.

5. In the Overseer Department, which corresponds to the Apprentice Department of the Sibpur College, the monthly fee is Re. 1-8. All scholarship-holders, however, receive free tuition. Government scholarships of the value of Rs. 7 a month, tenable for one year, are awarded each year on the results of the annual examinations, *eight* being tenable in the second-year class, *six* in the third-year class, and *six* in the fourth-year class. Of the scholarships attached to the school, 75 per cent. of them are to be reserved for those students who are Biharis by race. The teaching is in English.

6. Candidates for admission to the Overseer Department must be under 20 years of age, must be Biharis by race or domicile, or natives of the North-Western Provinces or Central Provinces, and must have passed one of the tests mentioned below:—

(1) The Entrance Examination of an Indian University, in English and Mathematics.
(2) Standard VII of the Code of European Schools.
(3) Students who have not passed either of these tests, and who are otherwise eligible will have to pass an examination in English and Mathematics (of about the same standard as the Entrance Examination of the Calcutta University, in those subjects) to be held by the Principal of the Patna College on the 14th and 15th July respectively (from 6 A.M. to 9 A.M. each day).

7. Candidates for admission must apply to the Principal not later than the 30th June. Their application must give the following particulars:—

(*d*) An attested certificate of age (showing that he is under 20 years of age).
(*e*) A medical certificate showing him to be fit for employment in the public service.
(*f*) A certificate of having passed either of the first two of the three tests mentioned above, failing which the application will be kept pending, till a certificate showing that the candidate has passed the third test is given to the Principal.

8. There is also an Amin class, admission to which may be obtained by students who do not know English. In the Amin class the course of study is for one year, and the monthly fee is Re. 1. An Amin student is taught Elementary Surveying with a corresponding amount of Mathematics and of Geometrical Drawing. He will not be admitted to the Workshop. A student in the first-year class of the Overseer Department who fails to pass the examination for promotion to the second-year class, but who has shown an adequate knowledge of Elementary Surveying, and the other subjects taught in the Amin class, may, at his option, leave the school with an Amin certificate.

(*b*) Candidates for Amin class who have not passed the middle English or middle vernacular examination will be examined at the school on the 6th July, candidate failing at this examination will not be admitted.

9. Except in very special cases, a student will not be admitted to the Amin class for the Session that commences 6th July 1903, unless application for admission is made before 30th June 1903.

BIHAR SCHOOL OF ENGINEERING.

Prospectus for Admission.

THIS School is under the management of the Principal of the Patna College, assisted by a Board of Visitors: it owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Royal Highness the Prince of Wales. The object of the fund was the promotion of technical instruction in Bihar. The School was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted to the first-year class of each year will be limited to 60, of whom only 15 can be other than Biharis by race (viz., natives of the North-Western Provinces, Central Provinces, or Bengalis domiciled in Bihar); but should the number of suitable applicants who are Biharis by race be insufficient to fill up the 45 vacancies, then the vacancies thus occurring can be given to those applicants who are natives of the North-Western Provinces, Central Provinces, or Bengalis domiciled in Bihar in that order.

3. The School, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers and Overseers.

The curriculum includes—

(1) A sound study of Elementary Mathematics.
(2) Careful training in Survey work.
(3) Drawing, both Freehand and Engineering.
(4) Elements of road-making and the construction of simple buildings.
(5) Workshop practice, with hand tools and with machinery.

Students are prepared for the Overseer certificate of the Public Works Department. The necessary additional buildings have now been completed; and Government has agreed to reserve one appointment annually for a qualified student from this school, who must be a Bihari by race.

4. The next Session will commence on 6th July 1903.

5. In the Overseer Department, which corresponds to the Apprentice Department of the Sibpur College, the monthly fee is Re. 1-8. All scholarship-holders, however, receive free tuition. Government scholarships of the value of Rs. 7 a month, tenable for one year, are awarded each year on the results of the annual examinations, *eight* being tenable in the second-year class, *six* in the third-year class, and *six* in the fourth-year class. Of the scholarships attached to the school, 75 per cent. of them are to be reserved for those students who are Biharis by race. The teaching is in English.

6. Candidates for admission to the Overseer Department must be under 20 years of age, must be Biharis by race or domicile, or natives of the North-Western Provinces or Central Provinces, and must have passed one of the tests mentioned below:—

(1) The Entrance Examination of an Indian University, in English and Mathematics.

(2) Standard VII of the Code of European Schools.

(3) Students who have not passed either of these tests, and who are otherwise eligible will have to pass an examination in English and Mathematics (of about the same standard as the Entrance Examination of the Calcutta University, in these subjects) to be held by the Principal of the Patna College on the 14th and 15th July respectively (from 6 A.M. to 9 A.M. each day).

7. Candidates for admission must apply to the Principal not later than the 30th June. Their application must give the following particulars:—

(*a*) Name, address, and occupation of father or guardian.

(*b*) Race and religion, and *evidence to show that he is either a Bihari or a native of the North-Western Provinces or Central Provinces or a domiciled Bengali.*

(*c*) A certificate of good moral character.

(*d*) An attested certificate of age (showing that he is under 20 years of age).

(*e*) A medical certificate showing him to be fit for employment in the public service.

(*f*) A certificate of having passed either of the first two of the three tests mentioned above, failing which the application will be kept pending, till a certificate showing that the candidate has passed the third test is given to the Principal.

8. There is also an Amin class, admission to which may be obtained by students who do not know English. In the Amin class the course of study is for one year, and the monthly fee is Re. 1. An Amin student is taught Elementary Surveying with a corresponding amount of Mathematics and of Geometrical Drawing. He will not be admitted to the Workshop. A student in the first-year class of the Overseer Department who fails to pass the examination for promotion to the second-year class, but who has shown an adequate knowledge of Elementary Surveying, and the other subjects taught in the Amin class, may, at his option, leave the school with an Amin certificate.

(*b*) Candidates for Amin class who have not passed the middle English or middle vernacular examination will be examined at the school on the 6th July, candidate failing at this examination will not be admitted.

9. Except in very special cases, a student will not be admitted to the Amin class for the Session that commences 6th July 1903, unless application for admission is made before 30th June 1903.

10. Every candidate for admission to the School must bring a certificate of good character from the Head of the Institution from which he has come.

11. All candidates for admission to the School should present themselves personally at the School on the 6th July.
